Since there were no officers present, Doug volunteered to chair the meeting.

First the group discussed conferences:

> NOMS'12 – held in Hawaii in April 2012. It was a very successful conference.
> IM '13 – to be held during the week of May 27 in Belgium. It's on track. Website is up.
> NOMS 2014 - To be held in Krakow, Poland (week of May 5th). Doug is a co-chair . Volunteers for the OC are being sought.
> IM 2015 – No proposal yet.
> CNSM 2012 - To be held in Las Vegas (week of October 22)
> CNSM 2013 – To be held in Zurich (the week of October 14)
> Globecom 2012 – Two workshops by Harry and Raouf.

Next the group discussed the publications:

> TNSM - The issue of ISI was discussed. Rui indicated that the number of citations may not be the most important factor to get the ISI.   The next evaluation is in December 2013.
> JNSM and Journal of Network Management are the other publications supported by the members of CNOM.

Finally, the attendees talked about the other issues.

In response to a question, Doug talked about the history of IM and NOMS.   A suggestion is made to put the article written by Doug and Mehmet in IEEE Comm Magazine about 20 years of NOMS into the CNOM website.

The meeting adjourned at 5:00 PM.

Respectfully submitted by Mehmet Ulema
